

ASIA

Major and complex loss

Our dedicated adjusters are sector experts who have successfully handled some of the world's biggest and most complicated claims.

Offering insurers, brokers and policyholders world-class advice and a cost-effective and fair claims handling service, our MCL adjusters ensure businesses get up and running again as quickly as possible after a loss.

**PROPERTY**

When it comes to handling major and complex property losses, Sedgwick has Asia's most experienced chartered loss adjusters and renowned industry experts. Our MCL team provides a rapid response, assists in loss mitigation, identifies critical issues, and drives the recovery process.

**LIABILITY**

The Sedgwick liability team offers solutions to a variety of customer and third party issues. Our services range from brief factual enquiries and task assignments to full adjustments involving all types of liability claims, including complex professional indemnity or product liability matters.

**CONSTRUCTION AND ENGINEERING**

From small building developments, oil refineries, bridges, tunnels, railways and other critical infrastructure projects, through to the construction of iconic buildings around the world, our expert team has the strength and stability to become your independent expert on construction and engineering claims.

**CATASTROPHE MANAGEMENT**

With our extensive network across Asia and a global footprint spanning more than 80 countries, we have the size, experience and capability to provide the resources, solutions and supporting systems for service excellence in any catastrophe response environment.

**MARINE**

Our team delivers specialist services in all marine-related fields. By engaging only qualified seafarers and surveyors with years of hands-on experience, we aim to provide the most capable marine claims and risk services through our regional network of marine experts.

**FORENSIC ACCOUNTING**

We have a highly qualified team of accountants, valuation specialists and fraud examiners who specialise in business interruption and financial losses. Our experts develop claim resolution and settlement strategies that prevent disputes and reduce settlement times and costs.

MINING, ENERGY AND NATURAL RESOURCES

For mining, energy and power claims, our team of technical loss adjusters, engineers, surveyors and forensic accountants is experienced in implementing solutions that support loss mitigation and ensure production resumes safely and quickly.

Our adjusters resolve upstream, midstream and downstream losses and are skilled in working on claims in renewable energy (hydro, wind and solar), mining and power and utilities.

AVIATION

Our technical experts have unparalleled experience providing hull surveying and liability claims adjusting services to international aviation businesses. Whether it's a claim involving damage to an aircraft's hull or a repair-related liability issue, our surveyors and adjusters can help.
